## How will Driverless Vehicles impact our roads?

[Noel O'Callaghan](#) [2]

Wed, 05 Apr 2017 - 12:15pm AEST

Noel O'Callaghan

Noel is a Principal Engineer with the Australian Road Research Board (ARRB), having joined the Adelaide office in 2015 after a career spanning over 40 years with the Department for Transport Planning and Infrastructure (DPTI) in South Australia. Noel also has extensive experience in road side barriers and was a member of the Austroads Safety Barrier Assessment Panel from 2006 -15. Since joining ARRB, Noel has continued his involvement in the delivery of numerous workshops around Australia on road design, intersections and roundabouts and various traffic and transport related topics.
