NBN Co launches 'solution finder', new wholesale discount bundles
National Broadband network provider NBN Co has launched a "solution finder" online tool which it says is designed to help businesses find the right broadband plan for their needs.

Slow NBN? We have the solution, says Huawei Australia official
A Huawei Australia official has used his address to a 5G Business Summit in Sydney to push his employer's wares as the solution to the slow NBN connection issue that many Australians face, through the medium of 5G fixed wireless.

5G adoption drives mobile services market: report
With more than 15 million 5G handset services in operation (SIOs) expected by the end of June 2023 in the Australian market, the adoption of 5G is set to be faster than the previous generations of cellular networks, according to a new analyst report.

New Zealanders to be canvassed on 'likes and dislikes' with phone, broadband services
New Zealand's competition regulator, The Commerce Commission, is looking for feedback from the public about what they like and dislike about their experiences using phone and broadband services.

Verizon route leak stuffs up many sites worldwide
Content delivery services provider Cloudflare has blamed US telco Verizon for a large-scale border gateway protocol leak on Monday night (Australian time) that caused many large sites to be inaccessible.
