### **Audit office casts doubts on NBN Co ability to repay \$19.5b govt loan**

Doubts have been cast on the NBN Co's financial projections and its ability to repay the \$19.5 billion that it has been loaned by the Federal Government, with a report from the Australian National Audit Office putting the chances of its financial statements being incorrect as "high".

### **Amazon Web Services signs whole-of-govt deal with Canberra**

Amazon Web Services has signed a whole-of-government deal with the Federal Government, enabling federal, state and territory agencies, as well as public universities and publicly-owned companies to use AWS Cloud services.

### **Ericsson plans first fully automated 'smart factory' for US market**

Swedish telecommunications equipment maker Ericsson is planning to build its first fully-automated smart factory in the US to produce advanced antenna system radios for rapid 5G deployments.

### **Oppo plays hide the camera with full screen display**

Fast growing Chinese smartphone maker Oppo has revealed its latest approach to locating the front-facing camera underneath a device's screen with its latest full screen notchless display.

## ACMA to propose area-wide apparatus licence type

The telecommunications regulator, The Australian Communications and Media Authority (ACMA), is proposing to develop a new transmitter and receiver licence type, referred to as the area-wide apparatus licence (AWL) type.
