#### **AllA urges govt to make changes in encryption law**

The Federal Government's encryption law in its current form will have a negative impact on the country's ICT industry and block practitioners from innovating and exporting the products of their innovation, the Australian Information Industry Association claims.

#### **Verizon debuts fifth 5G-enabled device in US**

US telco Verizon has debuted its fifth 5G-enabled device with the nationwide launch of the Inseego 5G MiFi M1000.

#### **Digital bank 86 400 gets deposit-taking licence from APRA**

Australian digital bank, 86 400, which enables transactions via mobile phones, has received an authorised deposit-taking institution licence from the Australian Prudential Regulation Authority, becoming the second such bank to obtain permission to accept deposits.

#### **EC hits Qualcomm with \$385m fine for abusing market dominance**

The European Commission has hit American mobile phones processor maker Qualcomm with a €242 million (\$385.6 million) fine for abusing its market dominance in 3G baseband chipsets.

## Isentia launches Live Alerts broadcast media monitoring on mobiles

ASX listed media intelligence company Isentia has announced the launch of Live Alerts, a new broadcast media alert service that provides communications professionals real time broadcast media updates on mobile phones in Australia and New Zealand.
